Ray Sedey has agreed to take the picture. New members - if you are a new member and not on the list, sign up for a picture in the pro-shop.

- Addressing the adoption of the GHIN handicap system. President Coover reported that other clubs had stated to him that they will not play home & home events or Ryder Cup type events with the SLV-MGL unless all of our teams/players have a GHIN handicap through the GHIN worldwide handicap system. A discussion was had, with differing opinions shared – some stated they did not want to incur the expenses (about \$35.00 per year) because they do not play anywhere else other than SLV-GC and the current handicap system worked fine for them; while other members stated that the cost for joining the GHIN handicap system was minimal, allowed for a unified handicap system, and provided support to the Arizona Golf Association (AGA) and the United States Golf Association. Gary Coover stated that he had contacted the AGA and that a representative would be willing to come to our next meeting and provide information on the system and the creation of a GHIN group. The matter will be discussed further at the November SLV-ML meeting and possibly a vote taken or other approach considered.
